

HANGOUT SESSION ON CONNECTING WITH ENTREPRENEURIAL WORLD ON 15/02/2022

ED Cell of BCIP organized a hangout session on 15th Feb 2022 on Google Meet platform on the topic “Connecting with Entrepreneurial World”. This session was attended by final year students of MBA, BBA and BPT from BCIPS and BCIP respectively. Also few students from different colleges participated with great zeal and enthusiasm. Session was attended by faculty of both BCIP and BCIPS. This session was coordinated by Dr. Neha Kashyap (PT).

Session was started with Dr. Deepankar Das (BCIP alumni), founder of PhysioErgo, Gurgaon, wherein he shared his entrepreneurial journey. He spoke about the challenges and difficulties he faced in the beginning, how he developed his own niche and identified the problems associated. He spoke about how lack of support from family and friends affected him and how he never let it stunt his growth. He spoke about the books he has authored and about the ones in progress.

In second half, Dr. Abdul Basit delivered a really inspiring session wherein he talked about his drive to help humanity and his compassion towards helping people. He spoke about his journey of developing an NGO and how he never let the rejection deter him from moving forward. He sounded really passionate about his NGO named “Imperfect” and Samvedna Foundation.

At the end, student’s feedback were taken in which they mentioned that they are really inspired by the journey of both the speakers
