

## **Cervix and Breast Cancer Rehabilitation**

**(17<sup>th</sup> March 2023)**

- **Objective:** educate students about the various methods and skills available to handle such cases and to promote our upcoming conference E-BCIPCON 2K23 on the topic “Head and Neck Cancers: Road to Rehabilitation

### **Description:**

The webinar aimed to provide valuable insights and updates on the rehabilitation process for individuals diagnosed with cervix and breast cancer. It brought together experts and professionals in the field of oncology and rehabilitation to share their knowledge and experiences.

Banarsidas Chandiwala Institute of Physiotherapy has organised we conducted a webinar on “Cervix and Breast Cancer Rehabilitation” to educate students about the various methods and skills available to handle such cases and to promote our upcoming conference E-BCIPCON 2K23 on the topic “Head and Neck Cancers: Road to Rehabilitation” which is going to be held on 29<sup>th</sup>-30<sup>th</sup> April’23. Dr Tabitha Rai, Onco-physiotherapist, Yashoda Hospital, Telangana, Hyderabad, took the session. Ma’am explained about clinical management of complications, long term management and palliative care management of cervix and breast cancer. The session was attended by clinicians, academicians and students of BCIP and other colleges; the session was really appreciated by all the students.

The webinar was a huge success. Dr. Nidhi Kalra, Officiating In-charge felicitated Dr. Tabitha Rai, with a planter and a gift as vote of Thanks.
